COMMON GROUNDS REPORT 2024

To date we have raised $2,880.84 through various fund raisers. These include selling of scarecrows, maps, lake boards, wine bottles, cookbooks, bake sale, hats, coasters, bottle openers, coozies, and garden plots. Thank you to all members for making these fundraisers such a success.

Our main events have continued to be the Chili Supper, the Ice cream Social, and this year adding the Bake Sale during the Ice Cream Social.

The projects that have been completed include:

The Pirate Ship
The Corn Hole Game (which was previously the Shuffleboard area) the games are in the mens bathroom, with the rules listed on the back of the bulletin board.
Two new umbrellas at the beach and an extra table added.
Ron's Bench along with it's sign and rosebushes.

Ongoing Projects:

The Community Garden which is offering any available produce which is put out on the table by the maintenance barn on Saturday mornings. There is a donation jar on the table.

The Book Club which continues to be a success and meets monthly. Updates are provided by Madeleine Thomas.

Note Cards are now available for sale with beautiful photos from around the lake, a big thank you to all the members who sent photos. They are priced at just $20 for a set of 10. No two sets are alike. We selected over 100 photos from members!

Future Projects:

Repairs at the clubhouse, which include the front and back stairs to be power washed, repaired, and painted.

Outdoor windows to be repainted, some were completed last year.

Kitchen faucet to be replaced.

The roof repaired where there is a leak.

Some landscaping to be started.

At the Pavilion the bathroom doors need to be replaced and painted. Bathroom faucets need to be replaced and hand towel dispensers to be repaired or replaced as needed.

We would welcome volunteers for any of these projects.
We are also asking for volunteers for cleaning the bathrooms from May through October. If we are unable to get a volunteer we will ask for weekly sign ups.

Fall Events: Will be the Chili Supper and Dock or Treat. Dock or Treat last year was a fun event for all who participated and we are hopeful it will be even better this year. There will be more information to follow in the near future.

None of these projects or events are possible without everyone's help and generous donations of money and especially time. So a big thank you to all for making Rocky Fork Lake the wonderful community it is!
